## Definition of "Construction Industry"

### "Construction Industry" means..

Construction Industry work covers work on new or existing commercial, industrial or domestic buildings or structures.

In this scheme, construction industry means:

- the construction or erection of a building or structure that is or is to be fixed to the ground and wholly or partially fabricated on-site;
- any preliminary site preparation work (including pile driving) for the construction or erection of any such building or structure;
- the alteration, maintenance, repair or demolition of any building or structure, excluding electrical or metal trades maintenance or repair work;
- the laying of pipes and other prefabricated materials in the ground, and any associated excavation work;
- the construction, erection, installation, extension, alteration or dismantling of a transmission or distribution line, or plant, plant facility or equipment used in connection with the supply of electricity; or an air-conditioning, ventilation or refrigeration system;
- the construction, erection, installation, extension, alteration, service, repair, replacement of parts or dismantlement of a lift or escalator;
- electrical or metal work associated with other engineering projects
